CCR v4.10.3 – July 28, 2010				
Change Request Information	Website Changes	XML	CCR Tools	Extracts
IAE CR-374 – Output File for Vendor’s Records Users with multiple registrations to maintain will be able to get a downloadable XML file with all of the information from their registrations.	The “Manage Registration” page will display an option to retrieve all registration information for a logged-in user.	This CR does not affect CCRXML.	This CR does not affect CCR Tools.	This CR does not affect the BPN/CCR Extracts.
IAE CR-417 – Stop Collection of SIC Codes CCR will stop collection and dissemination of SIC codes	CCR Update will no longer collect SIC codes. SIC codes will no longer be displayed in CCR Search and CCR Tools.	SIC codes will not be disseminated in the new version of CCRXML.	SIC codes will no longer be displayed.	There will not be a new Extracts version. After the release, SIC codes will be optional and will be removed from registrations as vendors renew.
IAE CR-438 – Email Notification for Debt Flag Vendors will be notified via email when CCR receives a notice of delinquent federal debt from the IRS.	This does not affect any CCR websites	This CR does not affect CCRXML.	This CR does not affect CCR Tools.	This CR does not affect the BPN/CCR Extracts.
IAE CR-449 – Add “View Only” Access Level A “view only” access level will now be available for user accounts linked to specified registrations.	Users will be able to invite other users to a “view only” access level for a registration.	This CR does not affect CCRXML.	This CR does not affect CCR Tools.	This CR does not affect the BPN/CCR Extracts.
IAE CR-473 – Modify Print/Save Query for CCR Search To reduce the incidence of web page timeouts when users do complex searches, users will have the option to choose whether to retrieve physical or mailing addresses in their search results and the option to exclude FedReg records.	The “Print” and “Save” options for CCR Search results will give the user the option to select either physical or mailing address and to exclude FedReg records.	This CR does not affect CCRXML.	The “Print” and “Save” options for CCR Tools results will give the user the option to select either physical or mailing address and to exclude FedReg records.	This CR does not affect the BPN/CCR Extracts.
IAE CR-573 – Add SOAP Interface for CCRXML CCRXML customers will have the option of using a SOAP interface instead of the HTTPS POST method.	No website changes.	CCRXML customers will have the option of using a SOAP interface instead of the HTTPS POST method.	This CR does not affect CCR Tools.	This CR does not affect the BPN/CCR Extracts.

CCR v4.10.3 – July 28, 2010				
Change Request Information	Website Changes	XML	CCR Tools	Extracts
IAE IMR-400 – Modify Zip Code Labels CCR Update labels for zip code fields will read “Zip+4” when the zip+4 is required.	CCR Update labels for zip code fields will read “Zip+4” when the zip+4 is required.	This CR does not affect CCRXML.	This CR does not affect CCR Tools.	This CR does not affect the BPN/CCR Extracts.

CCR v4.10.2.1 – July 7, 2010				
Change Request Information	WEB/GUI	XML	CCR Tools	Extracts
<p>IAE CR-341 – Collect Executive Compensation Data – CCR will collect the "Total Compensation" of a company's five most highly compensated officers.</p> <p>Final FAR implementation passed. Data will be collected starting with this implementation</p>	Vendors will be required to enter compensation information for the five most highly compensated executives if they meet specified criteria.	CCRXML will distribute compensation information only to authorized government agencies.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts. This data is not included in CCR Extracts.

CCR v4.10.2 –May 23, 2010				
Change Request Information	Website Changes	XML	CCR Tools	Extracts
IAE CR-274 – Automated Password Reset This enhancement will allow CCR Tools and CCRXML customers to reset their passwords themselves once they have set up security questions.	The BPN Portal will have a “Reset Password” link for users who forget their passwords. Users who log in at the Portal will be prompted to create security questions to enable this functionality.	This CR does not affect the CCRXML interface, but will allow users of the web service to reset their passwords via the BPN Portal.	This CR does not affect the CCR Tools interface, but will allow Tools users to reset their passwords via the BPN Portal.	This CR does not affect the BPN/CCR Extracts.
IAE CR-292 – Public View of Historical Data Users of CCR Search and CCR Tools will be able to see a “point-in-time” historical view of a registration. The historical views will be available as of the actual release date, but not for previous changes.	CCR Search and CCR Tools will have the option to select a date to view a historical record for a CCR registration.	This CR does not affect CCRXML.	CCR Search and CCR Tools will have the option to select a date to view a historical record for a CCR registration.	This CR does not affect the BPN/CCR Extracts
IAE CR-372 – Change of Account Information Notification CAGE code will be added to notifications of banking information changes	This does not affect any CCR websites	This CR does not affect CCRXML.	This CR does not affect CCR Tools.	This CR does not affect the BPN/CCR Extracts.
CCR IMR-549 Automate Password Reset for FedReg	This change will provide for the collection of security questions in FedReg so that users will have the ability to reset their passwords online.	This IMR does not affect CCRXML.	This IMR does not affect CCR Tools.	This IMR does not affect the BPN/CCR Extracts.

CCR v4.10.1.2 – April 26, 2010				
Change Request Information	WEB/GUI	XML	CCR Tools	Extracts
IAE CR-393 – Remove "Other" Organization Type – CCR will remove the "Other" choice for an Organizational Type.	The LLC and Subchapter S Corporation choices will be relocated on the General Information page.	This CR does not affect CCRXML except to limit the options you will receive as registrations renew.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts except to limit the options you will receive as registrations renew.
IAE CR-418 – Stop Collection of Nature of Business – CCR will discontinue collection of non-essential Business Types that have no regulatory or policy requirements for that collection.	As noted, some Nature of Business selections will no longer be offered for CCR registrants.	This CR does not affect CCRXML. It only affects input and as registrations renew these discontinued values will be removed from a registration.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts. It only affects input and as registrations renew these discontinued values will be removed from a registration.
IAE CR-419 – Implement business rule for Governmental organizations – CCR will require that a registrant be State, Local, or Tribal Government before allowing choice of other Governmental Business Types.	Access to Airport Authority and other governmental business types will be restricted until State, Local, or Tribal Government is also identified.	This CR does not affect CCRXML.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts.
IAE CR-424 – Establish data rule for Educational entities – CCR will require choice of "Educational Entity" prior to allowing a choice of any of the separately identified Educational Entities under that Business Type.	CCR will restrict access to the subdivision of Educational Entities unless a registrant has already chosen "Educational Entity".	This CR does not affect CCRXML.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts.
IAE CR-437 – Change format of "number of employees" input – CCR will limit the number of employees to no more than 9,999,999 for the worldwide number and 9,999 for the location size.	Input of the Number of Employee entries will now be limited as noted.	This CR does not affect CCRXML as it limits the value but does not change the current format of the output.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts as it limits the value but does not change the current format of the output..
IAE CR-439 – Change opt out language for HubZone and 8(a) firms – CCR will note that Certified HUBZone or 8A firms must allow CCR Public Display of their CCR information.	CCR will now alert registrants of this requirement.	This CR does not affect CCRXML.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts.

CCR v4.10.1.2 – April 26, 2010				
Change Request Information	WEB/GUI	XML	CCR Tools	Extracts
IAE CR-472 – Require zip codes to be 5 or 9 digits – CCR will require any ZIP codes entered be 5 or 9 digits in length on POC pages.	A new edit will not allow the registrant complete a page (will show errors) until ZIP Codes entered are 5 or 9 digits.	This CR does not affect CCRXML.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts.

CCR v4.10.1.1 –March 21, 2010				
Change Request Information	WEB/GUI	XML	CCR Tools	Extracts
<p>IAE CR-367 – Collect Proceedings Data – CCR will collect information from certain registrants regarding any criminal, civil, and administrative proceedings on which they have been convicted, found at fault, or acknowledged fault.</p> <p>Final FAR implementation passed –data will be collected starting with this implementation. See Release 4.09.4 for original release info.</p>	Collection will now be turned on in CCR.	CCRXML will distribute compensation information only to authorized government agencies.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts.

CCR v4.10.1 – February 10, 2010				
Change Request Information	WEB/GUI	XML	CCR Tools	Extracts
<p>IAE CR-293 – Public Search – Active Record by Default – CCR Public Search will now return the data from a registration's last fully validated CCR record in place of the current transitional record.</p> <p>There will be an option to view the registration's transitional (undergoing update) data on request, but that will no longer be the default data displayed.</p> <p>This brings CCR Public Search in line with the data distributed through CCR Extracts and CCRXML which only include the fully validated record.</p>	CCR Public Search users will always see the active record displayed by default and have the option to view transitional data if an update is in process.	This CR does not affect CCRXML.	There are no changes for CCR Tools displays.	This CR does not affect the BPN/CCR Extracts.
<p>CCR IMR-463 – Update CCR and FedReg to a More Contemporary Look – CCR and FedReg will have changes made to the header and other areas for readability and to allow more room for the "urgent message" function.</p> <p>FedReg changes will follow the CCR release.</p>	Vendors and CCR Search users will see a new look to CCR upon implementation of this release.	This IMR does not affect CCRXML.	CCR Tools users will also see the new look in their screens.	This IMR does not affect the BPN/CCR Extracts.
